

'You Have Questions, We Have Answers' No Charge Metrology Webinar

YORK, PA, UNITED STATES, February 12, 2024 /EINPresswire.com/ -- Struggling to find answers to force calibration questions? Unsure about multi-axis load cell adapters? What indicator is best? Manuals and chat rooms often fall short, leaving no clear answers.

The Morehouse Instrument Company's 'You Have Questions, We Have Answers' webinar on March 7 at 10:00 is a free interactive webinar session to get clear, expert answers to tough questions. Whether it's about load cells, adapters, or other metrology challenges, a panel of technicians and industry experts are here to help. Say goodbye to endless searching and hello to direct solutions.

This is one of many free webinars Morehouse Instrument Company hosts yearly. This session is limited to 50 participants, so register today. [Register for the free session here: https://register.gotowebinar.com/register/8360737431464565333](https://register.gotowebinar.com/register/8360737431464565333)

Companies around the globe rely on Morehouse for accuracy and speed. The company turns around equipment in 7-10 business days so customers can return to work quickly, saving them money.

The York, PA-based company provides force and torque measurement products and services worldwide.

About Morehouse Instrument Company

Morehouse Instrument Company, a trusted and accredited provider of force and torque measurement services for over 100 years, offers measurement uncertainties 10-50 times lower than the competition.

Morehouse helps commercial labs, government labs, and other organizations lower their measurement risk by lowering equipment uncertainties for torque and force measurement. [Contact Morehouse](mailto:info@mhforce.com) at info@mhforce.com or www.mhforce.com
