IGY Savannah Harbor Marina's central location on Hutchinson Island offers easy access to the city center just across the Savannah River and is a quick ferry ride away from the charming Savannah Historic District. Known for its rich history and architecture, Savannah attracts visitors from around the world and has a long history of nautical tourism and commerce, including the vibrant Port of Savannah. Savannah is a popular tourism destination in the southeastern United States and provides convenient proximity to other vibrant and welcoming cities such as Charleston, South Carolina and Jacksonville, Florida.

Myrick Marine Contracting Corporation will provide services as the general contractor. MEECO-Sullivan Wahoo docks will be installed in the small boat inner basin, and Marinetek floating concrete pontoons will be utilized for the superyacht dock located along the river.

IGY Savannah Harbor Marina will include state of the art amenities encompassing fueling, shore power, deep water berthing, parking, and marina concierge services.
