

# Royal 4 Systems and BWISE will be at MODEX 2024

*Royal 4 will be showcasing its flagship WMS (WISE) and its market-leading ERP solution using SAP B1 technology (BWISE).*

LONG BEACH, CALIFORNIA, UNITED STATES OF AMERICA, February 13, 2024 /EINPresswire.com/ -- Royal 4 Systems, a 40-year provider of supply chain solutions, is thrilled to announce its participation in [MODEX 2024](#), March 11 to 14, 2024, at the Georgia World Congress Center. Royal 4 will be showcasing its flagship WISE [Warehouse Management Software](#) and its market-leading ERP solution using SAP B1 technology (BWISE).

Royal 4 will be showcasing its flagship WISE Warehouse Management Software and its market-leading ERP solution using SAP B1 technology (BWISE).

Royal 4 Systems will profile its BWISE offering that integrates Royal 4's tier one WMS (WISE) with [SAP Business One](#). This collaboration brings together a comprehensive solution ideal for businesses looking to enhance their supply chain efficiency and overall operational performance.

## Key Highlights of Royal 4 Systems' Participation:

- Royal 4's WISE WMS will provide the ability to manage multiple physical/logical warehouses, manage inbound scheduling and dock door utilization (Yard Management), manage all inventory transactions and other data capture from receipt, directed put-away, directed replenishment, stock rotation, cross-docking, selection, merging, loading and shipping confirmation in the most productive and accurate manner. It can provide labor productivity management and transaction volume to support Key Performance Metrics. It will support RF technology to read bar codes and UPC codes and support voice selection that may be needed in the future. WISE will provide accurate 3PL invoices that can be used for all types of Value-Added Billing and much more.
- Royal 4's BWISE provides a single, affordable ERP solution to manage your entire small to

medium-sized business – from accounting and financials, purchasing, inventory, sales, and customer relationships to reporting and analytics. Royal 4 provides seamless integration of WISE (WMS) with BWISE (SAP Business One). This collaboration offers your business a best-of-breed solution with warehouse management coupled with an industry-standard ERP solution using SAP Business One.

- Expert Consultations: Attendees are invited to visit the Royal 4 Systems and the BWISE Solutions Booth # A9718, where our system engineers can understand your challenges and help you gain insights into optimizing your supply chain with WISE WMS and BWISE.

We are excited to participate as an exhibitor at MODEX 2024, and we look forward to meeting you at Booth #A9718

#### About Royal 4 Systems:

Royal 4 Systems is a leading provider of cutting-edge supply chain solutions, specializing in warehouse management software, enterprise resource planning, and logistics solutions. With a commitment to innovation and customer success, Royal 4 Systems empowers businesses to optimize their supply chain operations and stay ahead in today's rapidly evolving market.

#### About BWISE Solutions:

Merging SAP Business One with the WISE WMS system facilitates distribution practices and boosts productivity for faster, on-time deliveries, happier clients, and more revenue. In addition to SAP Business One's core modules of management, administration, accounting, inventory, distribution, MRP, and more, you also receive WISE WMS mobility solutions, RFID technology, and warehouse slotting software.

Optional add-ons include asset management, voice, labor management, multi-carrier shipping, and the web portal. Use numerous integration methodologies for Windows, Linux, and other operating systems.

Manage WISE WMS for all warehouse and front office needs for improved task, operation, budget, and efficiency tracking operations.
