PITTSBURGH, PENNSYLVANIA, UNITED STATES, February 14, 2024

/EINPresswire.com/ -- [Avere Beauty](#), a premier med spa serving Pittsburgh and surrounding communities, is proud to announce the addition of [Subnovii](#) to its menu of advanced aesthetic treatments at its med spas in Lawrenceville and Murrysville. Subnovii is a plasma-based, non-surgical procedure designed to resurface the skin and improve its texture, tone, and overall appearance.

Subnovii employs low-frequency plasma energy to activate the body's natural healing process, significantly boosting the production of collagen and elastin. These essential proteins are key to maintaining youthful, elastic skin. This gentle yet effective treatment addresses a variety of concerns, including:

- Fine lines and wrinkles
- Uneven skin tone and texture
- Enlarged pores
- Sun damage
- Acne scars

Avere Beauty's introduction of Subnovii treatments underscores the company's commitment to providing the most innovative and effective aesthetic solutions to its clients.

"We are excited to bring Subnovii, a state-of-the-art plasma treatment, to Pittsburgh," said Mr.

Frank Udavcak, Business Director at Avere Beauty. "This addition to our service offerings reflects our commitment to innovation and excellence in the field of aesthetic medicine. The introduction of Subnovii complements the spa's existing range of anti-aging treatments and beauty services, including neurotoxins, dermal fillers, and the Skinwave hydrofacial.
