Launched in 2022 by a group of employees led by Steelhead Productions Co-Owner and CMO, Rhiannon Andersen, now President of GHF, the foundation has quickly evolved from a passionate initiative into a structured nonprofit organization. GHF's mission is rooted in positively impacting the world through its three main pillars: environmental restoration, enriching the Las Vegas community, and promoting creative innovation. As a 501(c)(3) entity, GHF ensures that all contributions are directed towards thoroughly vetted organizations, simplifying the giving process for its collaborators.

"I am so proud of the work our board has put in to establish the Give Happy Foundation as a conduit of good in the Las Vegas community. It truly shows the power of collaborative effort and the impact we can make when we all work together toward a common good. I am excited to see what we can accomplish in 2024 and form more partnerships within the community," expressed Andersen, reflecting on the foundation's achievements and the journey ahead.

We've been overwhelmed by the support of our donors and recognize the value of working together. We are looking forward to continuing to foster philanthropic partnerships in 2024."

Lance Randall, GHF Chairman

We've been overwhelmed by the support of our donors and recognize the value of working together. We are looking forward to continuing to foster philanthropic partnerships in 2024," shared Lance Randall, GHF Chairman.

The foundation eagerly anticipates its next major
