

Revolutionizing Data Management: Dylan Roe Unveils Betway's Success in Analytics with Data Vault 2.0

Data Vault 2.0 Sparks Analytics Triumph: Join Dylan Roe at WWDVC 2024 to Uncover Betway's Success Story

STOWE, VERMONT, UNITED STATES, March 11, 2024 /EINPresswire.com/ -- DVA, the organizer of the WWDVC announced a session by Dylan Roe, a Data Engineer at Datavault UK. Dylan shall unveil Betway's transformative data journey at the [World Wide Data Vault Consortium](#) 2024. Leveraging the robust [Data Vault 2.0 system of analytics](#), Roe played a pivotal role in addressing Betway's global data challenges. This session promises an insightful exploration of how [Data Vault](#) 2.0 became the catalyst for Betway's analytics success.

The image is a speaker card for Dylan Roe at the WWDVC 2024 conference. It features a circular portrait of Dylan Roe, a man with glasses and a beard, smiling. The background is dark blue with a network of orange and white nodes and lines. In the top right corner, there is a logo for WWDVC 2024 with the word 'SPEAKER' in red below it. Below the portrait, the name 'DYLAN ROE' is written in large white letters, with 'Data Engineer' in smaller white text underneath. A red horizontal line separates this from the session title 'Data Vault: The Ace Up Betway's Sleeve' in red. At the bottom, there is a white rounded rectangle containing a red clock icon and the text 'Presenting May 1st @8:00'.

"Attendees can anticipate practical insights into the transformative power of Data Vault 2.0, making this session essential for data enthusiasts and industry professionals working on analytics solutions.", according to a DVA spokesperson.

Roe's presentation, "Data Vault: The Ace Up Betway's Sleeve," promises a deep dive into the practical aspects of leveraging Data Vault 2.0, offering valuable takeaways for professionals with a focus on business analytics.

Dylan's journey began with a Master of Physics degree with first-class honors from the University of Southampton in 2022. With nearly 1.5 years of hands-on experience using Data Vault 2.0 on client projects and a successful CDVP2 exam completion in November 2023 granting him a DV 2.0 certification.

Conference Themes:

The 10th Annual World Wide Data Vault Consortium in Stowe, Vermont, offers a diverse range of conference themes catering to professionals in Data Warehousing and Analytics. This year's topics include:

1. Data Fabric and Innovating at the Semantic Layer:

- Simplification and standardization of data ingest processes.
- Enabling a better-integrated view of data across the enterprise.
- Addressing business needs with improved responsiveness.
- Integration of innovations at the semantic layer for a consistent business vocabulary.

2. Data Vault and Data Mesh:

I highly recommend technical folks to not miss any of the business presentations to understand the business side of things. I think this particular presentation should be on the everyone's radar."

Sanjay Pande, DVA

- Exploration of Data Mesh concepts and their practical implementation.
- Real-world examples of successful integration of Data Mesh with Data Vault 2.0.
- Insights into the 5 W's (Who, What, When, Where, and Why) related to Data Mesh.

3. Generative AI and Its Potential:

- Understanding the applications of Generative AI beyond conventional uses.

- Practical explorations of dynamic data warehousing and taxonomy/ontology discovery.
- Examining the role of Generative AI in dynamic linking and AI-driven business metrics.

4. Business Track: Executive's Guide to Data Quality and Digital Transformation Leadership:

- Insights from business executives on leveraging Data Vault 2.0 for digital transformation.
- Understanding the importance of data catalogs, business glossaries, and taxonomies.

- Exploring AI/ML applications for enriching and enhancing data processes.

"These thought-provoking themes promise a week of networking, technical and business sessions, and fun, creating an unparalleled opportunity for professionals in the field.", added the spokesperson.

About the World Wide Data Vault Consortium:

Founded by the inventor of Data Vault and DV 2.0, Dan Linstedt in 2012, the World Wide Data Vault Consortium marks its 10th edition in 2024. This highly anticipated annual conference serves as a unique gathering space for leaders in the Data Analytics and Warehousing spaces.

Key Highlights:

- Industry Thought Leaders.
- Networking and Collaboration.
- Exclusive Sessions.
- Limited Capacity.

"WWDVC 2024 maintains a single-track conference format, allowing attendees to participate in every presentation. The interactive environment encourages meaningful networking and knowledge-sharing among attendees.

As WWDVC 2024 takes shape, it remains a not-to-be-missed opportunity for professionals in the Data Analytics and Warehousing spaces.", the spokesperson commented.

The banner features a dark blue background with a network of glowing blue and red lines. At the top center is the WWDVC logo, a stylized atom with three intersecting rings in blue, orange, and green. Below the logo, the text "WWDVC 2024" is displayed in large, bold, white and teal letters. Underneath, "REGISTRATION IS NOW OPEN!" is written in large, bold, red letters. At the bottom, a white button with a red globe icon on the left contains the text "Register today at [wwdvc.com](https://www.wwdvc.com)".

The graphic has a dark blue vertical bar on the left with the text "2024 THEMES" in large, bold, orange and white letters. To the right, four themes are listed, each with an icon and a horizontal line below it. The themes are: "Data Fabric and Innovating at the Semantic Layer" (icon: three arrows pointing up and right), "Data Vault and Data Mesh" (icon: a shield with a padlock), "Generative AI and Its Potential" (icon: a head profile with a brain and AI symbols), and "Business Track" (icon: a brain with circuitry). At the bottom right, the WWDVC logo and the website "wwdvc.com" are displayed.

WWDVC 2024 Themes

Featured Add-Ons - Enhancing Your WWDVC Experience:

As part of the enriching experience at the 10th Annual World Wide Data Vault Consortium (WWDVC) in Stowe, Vermont, attendees have exclusive access to additional opportunities to deepen their knowledge and skills. This year, Data Vault Automation (DVA) proudly presents two featured add-on events, providing a unique chance for participants to maximize their stay.

1. Pre-Conference Event - Agile Data Warehousing: A Disciplined Hybrid Method Workshop with Scott Ambler
An interactive workshop delving into a proven approach to building and evolving Data Warehousing solutions.
- Breakfast, lunch, and coffee included.

2. Post-Conference Event - Time and Relational Theory: A Closer Look with Chris Date
Explore temporal data in the relational model and SQL.
- Breakfast, coffee, and a boxed lunch included.

These featured add-ons, exclusive to WWDVC attendees, offer a deeper dive into Agile Data Warehousing and Time and Relational Theory, further enhancing the value of your conference experience. The add-ons require additional tickets which can be obtained at <https://wwdvc.com/featured-add-ons/>

"The 10th Annual World Wide Data Vault Consortium (WWDVC) is back and gearing up to be a can't-miss event! Join us for a unique opportunity to connect with fellow Data Vault Practitioners, customers, and vendors of all skill levels and professional backgrounds. Set against the picturesque backdrop of Stowe, Vermont, this conference promises a week of unparalleled networking, technical and business sessions, and a whole lot of fun.", the DVA spokesperson reiterated.

Why Attend WWDVC 2024?

- Network with Industry Professionals.
- Learn About Data Vault Firsthand.
- Reserve Your Hotel Room with a Discount.
- Family-Friendly Location.

The graphic features a stylized logo at the top consisting of three overlapping rings in blue, orange, and teal. Below the logo, the text "WWDVC 2024" is displayed in a bold, sans-serif font, with "WWDVC" in white and "2024" in teal. Underneath, "SAVE THE DATE" is written in large, bold letters, with "SAVE" in orange, "THE" in red, and "DATE" in orange. To the right of "DATE", the dates "4/28-5/3" are shown in white text inside a teal rectangular box. The background is a dark blue space with glowing red and blue lines and dots, suggesting a network or data flow. At the bottom of the graphic, the text "Save the Date for WWDVC 2024" is written in a smaller, white font.

"As we gear up for WWDVC 2024, make sure to mark your calendar and secure your spot for this unforgettable event. We look forward to welcoming you and your family to Stowe, Vermont, where Data Vault enthusiasts come together for a week of learning, sharing, and building lasting connections.

Join us at WWDVC 2024 - Where Data Innovation Meets Inspiration! The 10th anniversary of WWDVC is set to be a landmark event, and we want you to be a part of it. Seize the Data Advantage, explore the latest trends, and contribute to the vibrant Data Vault community. We look forward to welcoming you for a week of insights, connections, and unforgettable experiences.", continued the DVA spokesperson.
