

Transformation Insights, Inc. Successfully Closes Angel Round and Unveils Next Generation Technology KTA Enterprise

EDISON , NEW JERSEY , UNITED STATES,
February 16, 2024 /EINPresswire.com/

-- [Transformation Insights](#), Inc., a pioneer in organizational transformation, announced the successful completion of its angel round and the official launch of its next-generation patented technology, KTA Enterprise.

In only eight months, Transformation Insights has expanded from a basement product concept to working with global clients and solving complex challenges, like how to do more with a virtual workforce.

KTA Enterprise upgrades the current version (CES 1.5) to a SaaS-style business, offering licenses and global technical support through an Artificial Intelligence-backed marketplace.

“

KTA provides Fortune 500s with a clearer understanding of what work is happening and why.”

CEO, Nathan Gampel

In the coming months, Transformation Insights will continue its expansion of KTA Enterprise by offering downloadable content like custom intelligent automation plug-ins so organizations can modernize with greater efficiency and accuracy.

When KTA's patented Human-Coded-Design technology is paired with modern AI and data reporting tools, the

outcome is a first-of-its-kind product that connects teams and helps them work with a greater focus on shared value.
