

Jobma Levels Up its Workday Integration to Supercharge Enterprise Hiring

Jobma levels up its integration partnership with Workday to supercharge enterprise hiring.

MINNETONKA, MINNESOTA, UNITED STATES, February 16, 2024

/EINPresswire.com/ -- Jobma, the leading provider of [video interviewing](#)

solutions, today announced that it has

enhanced its integration with Workday, a leading provider of enterprise cloud applications for human resources, finance, and more. This integration streamlines the hiring process for companies using both platforms, allowing for a more efficient and user-friendly video interviewing experience.

“

We're thrilled to take our partnership with Workday to the next level and offer this valuable integration to our customers - empowering enterprises to engage top talent efficiently.”

Krishna Kant

Workday is renowned for its comprehensive suite of cloud-based applications designed to manage critical business functions efficiently. With the new enhancements to the integration, Jobma empowers HR professionals and recruiters to seamlessly incorporate one-way video interviews and evaluations powered by Jobma into their existing talent acquisition workflows within the Workday ecosystem. The new enhancements include AI scoring powered by Jobma, support for candidate resume upload and sync, and other performance enhancements.

“We're thrilled to take our partnership with Workday to the next level and offer this valuable integration to our customers,” said Krishna Kant, Managing Partner at Jobma. “This partnership underscores our commitment to providing cutting-edge solutions that empower enterprises to identify and engage top talent effectively.”

By optimizing the integration with Workday, Jobma strengthens its commitment to scaling recruitment efforts and fostering data-driven decision-making. The partnership between Jobma and Workday marks a significant milestone for Jobma, bringing together two trusted platforms in the industry to deliver an unmatched experience for recruiters and candidates.

Jobma helps organizations improve the quality of hires, reduce time-to-hire, and drive growth. It's used by 3,000+ customers in over 50 countries and is available in 16 languages. The integration between Jobma and Workday is now available to all Jobma and Workday customers.

About Workday

Workday is a leading provider of enterprise cloud applications for human resources and finance, helping customers adapt and thrive in a changing world. Workday applications for human resources, financial management, planning, spend management, and analytics are built with artificial intelligence and machine learning at the core to help organizations around the world embrace the future of work. Workday is used by more than 10,000 organizations around the world.

About Jobma

Jobma is a cloud-based virtual interviewing platform trusted by companies across the globe for their end-to-end hiring needs. With Jobma, organizations can screen candidates using one-way video and audio interviews, and [coding assessments](#), and collaborate with their teams, all in one place. Jobma's customers love it for its AI features, easy-to-use interface, and robust integration support. Jobma is SOC 2 Type II certified, and GDPR and CCPA compliant ensuring the highest level of security and privacy for its users' data.
