

General William Shelton, USAF (ret), joins board of RNT Foundation

Retired AF GEN Willie Shelton joins board of foundation advocating for protection of GPS satellites, signals and users.

ALEXANDRIA, VIRGINIA, UNITED STATES, February 19, 2024 /EINPresswire.com/ -- The Resilient Navigation and Timing (RNT) Foundation is pleased to announce General William "Willie" Shelton, USAF (ret) has joined its board of directors.

“

I worked with GPS for much of my Air Force career... I am enthusiastic about the foundation's efforts advocating for policies and systems to protect GPS satellites, signals, and users.

”

GEN William Shelton

Gen. Shelton retired as Commander, Air Force Space Command, in 2014. During his career, he commanded space operations units at every level and held staff positions in a wide range of Air Force and Department of Defense organizations. In his final assignment, he led a team of over 40,000 at Air Force Space Command, providing space and cyberspace operational forces, as well as acquisition of space systems.

“I worked with [GPS](#) technology and policy for much of my Air Force career,” he said. “I am enthusiastic about the foundation's efforts advocating for policies and systems to protect GPS satellites, signals, and users.”

The Hon. Greg Winfree, chairman of the RNT Foundation board, observed “We are privileged to have General Shelton among our number. His experience and knowledge of GPS, defense, and national security issues is invaluable.”

A graduate of the U.S. Air Force Academy, Air Force Institute of Technology, and the National War College, General Shelton serves on several corporate boards. He is also a member of the President's National Space-based Positioning, Navigation, and Timing Advisory Board, is Chairman of a non-profit in Colorado, and works as an independent consultant.
