

Senior Risk Manager Radvilė Ragožytė is the First in Lithuania Awarded the Certificate in Cyber Risk Governance®

GLOBAL, ORGANIZATION, February 20, 2024 /EINPresswire.com/ -- The DCRO Institute, the world's leading source of risk governance training and credentials for board members and C-suite executives, announced today the award of the prestigious [Certificate in Cyber Risk Governance®](#) to Radvilė Ragožytė. She is the first in Lithuania to earn this distinction.

Radvilė is a risk manager for "Vilniaus Šilumos Tinklai", the largest public limited liability central heating company in Lithuania. Prior to her work there, she served as a senior risk management specialist for "Lietuvos bankas", the Bank of Lithuania. She began her career with "Lietuvos transporto saugos administracija", a government enterprise working to make the transportation system fair and drivers safe. Radvilė earned her master's degree in criminal justice and law enforcement administration from Vilnius University. She is a Certified Professional in Risk Management from TÜV SÜD.

"I am always pleased to celebrate the first person to gain one of our credentials in their home country," said David R. Koenig, QRD®, President and Chief Executive Officer of the DCRO Institute. "Radvilė is clearly committed to continuous learning and has demonstrated a breadth of diverse approaches to risk management that will serve her and her employers well."

The Certificate in Cyber Risk Governance® is awarded to those who have completed [an extensive education program](#) led by a global suite of board members, leading C-suite technology executives, law enforcement, and intelligence experts, all with deep knowledge of technology and cyber. Candidate knowledge is validated by evaluation across all subjects covered.

"The Certificate in Cyber Risk Governance® program has been instrumental in elevating my understanding of the strategic role that boards play in cybersecurity," said Ms. Ragožytė. "It has armed me with both theoretical knowledge and practical insights into the complexities of cyber risk management. I am now equipped with best practices and strategies that are crucial for
