-- America's largest progressive news network - today announced that [Indisputable](#) with Dr. Rashad Richey crossed one million subscribers on YouTube! This marks impressive audience growth since the show was picked up by the network in 2021. Last year, the show was also recognized as

"America's Fastest Growing Television News Show" by The Hicks Evaluation Group. Most recently, Dr. Richey was awarded with the Fifth Estate: Champion in New Media Award by the Multicultural Media and Correspondents Association. Indisputable's success demonstrates an appetite for truth and authenticity in the news and politics vertical.

Host Dr. Richey said, "We move as a team, so when Indisputable crossed the one million subscribers mark on YouTube, that means we all did...from the producers to TYT support staff, and especially you, the viewer. While the show has millions of viewers daily, it's an added layer of trust and connection when someone takes the time to click the 'subscribe' button or join as a member. When I tell you we wake up every morning with the viewer in mind, that's not an understatement. Authentic news commentary grounded in truth and facts will be delivered no matter what because we actually love and care deeply for our audience, community, country, and global society. I'm honored to have created a community of viewers on YouTube who care about creating real change and fighting for justice in all forms. bring facts into public light and into the awareness of policy makers..." Sen. Ossoff was referring to Dr. Richey's exclusive reporting on allegations of misconduct at Victorville Prison in California. Civil Rights Attorney, Benjamin Crump, also credited Dr. Richey for speaking truth to power and, "...changing the landscape in America." Through popular segments like 'I Wish a Karen Would' and exclusive reporting, Indisputable has become a trusted source for news consumers.

Indisputable is not just a show; it's a groundbreaking movement, an unassailable force shaping the narrative of justice in the digital media landscape."

One example is Dr. Richey obtained exclusive footage of five jail officials brutalizing Jarrett Hobbs in a jail cell at the Camden County Jail in the City of New Brunswick, Georgia. Hobbs told Indisputable: "I really thought I was going to lose my life that night. That was the only thing I was telling myself, was 'don't fall to the ground,' because you know that's how George Floyd died. So, that's why I would not fall to the ground even though I had five or six officers on me. It could have been the last day of my life." Dr. Richey's exclusive reporting and commentary on Jarrett Hobbs went viral on social media for shedding light on police abuse. Indisputable has broken several other stories about police brutality, corruption, and other subjects.
