

Nijigen no Mori's "NARUTO&BORUTO Shinobi-Zato" Permanent Attraction to be Renewed

"Earth Scroll" Mission Reopens Saturday, March 9th, 2024

AWAJI CITY, HYOGO PREFECTURE, JAPAN, February 20, 2024
/EINPresswire.com/ -- Nijigennomori Inc. (Headquarters: Awaji City, Hyogo Prefecture; Representative Director: Hiroshige Sadamatsu), operator of anime theme park "Nijigen no Mori" located within Hyogo Prefectural Awaji Island Park, will unveil a renewed version of the "Earth Scroll" mission at its "NARUTO&BORUTO Shinobi-Zato" attraction. The Ninja-themed attraction was first opened in April 2019.

The "Earth Scroll" attraction features an original storyline exclusive to Nijigen no Mori. Participants must lend their strength to their ninja village comrades as they battle enemies in the "Cave of Legends". However, the only way to reach the cave is by gathering a number of seal stamps hidden around Shinobi-Zato. The stamps can be obtained from 12 spots within the area.

Some must be collected from special ninja experience spots which use digital technology to read participants' hand movements. By correctly performing ninja hand seals in front of the monitors at these spots, they can

One of the hand seals needed to activate a mechanism (pictured: the "Tiger" seal)

activate ninja techniques and obtain stamps. These interactive features create an immersive experience, allowing fans to feel part of the anime worlds that they love.

□Overview of Anime Park Nijigen no Mori, Within Hyogo Prefectural Awaji Island Park

Since 2008, Pasona Group has been collaborating with local government agencies and organizations on Awaji Island, Hyogo Prefecture in various initiatives aimed at attracting human resources to the island, taking a unique approach to regional revitalization. Following the prefectural government's call for private business proposals for the development of Hyogo Prefectural Awaji Island Park, the "Awaji Manga & Anime Project" was selected in 2013. Since then, in the expansive 134.8 hectares of beautiful natural parkland, a number of new facilities have been created and developed with the aim of revitalizing the region through tourism.
