

Alan V. Goldman's Insights on Human Character Development as Mirrored in Mountain Climbing and Life's Realities

Goldman's poems contain powerful musings on the parallel worlds of life's challenges and the stark beauty and challenge of the mountains

TORONTO, ON, CANADA, February 20, 2024 /EINPresswire.com/ -- Jump into the world of poems that traverse life's harsh realities, drawing parallels with the challenges encountered in mountain climbing.

In the most recent version of his collection, "Reflections on Mountaineering: A Journey Through Life as Experienced in the Mountains (FIFTH Edition, Revised and Expanded)

(with ADDENDUM)," Alan V. Goldman articulates words that reveal the interconnected struggles of humanity's existence with the untamed landscapes of mountains. This delightful poetry collection gradually unveils Goldman's thoughtfully inquisitive mind, contemplating life's profound questions amidst the challenges presented both in "everyday life" and in surviving the harsh, unforgiving mountain environment.

Through intimate observations, the readers discover life as they know it through the magical lens of poetry, evoking a range of emotions—both fear, wonder, and awe, hand-in-hand. This book beckons readers to find their true selves in dealing with life's hardships through a metaphorical approach mirroring the mountain's physical challenge.

relatable to our own journey. As you read this book, you reflect on your own life and see the beauty that is around you. And this is exactly what poetry is supposed to do – evoke emotion. Overall, a great book I would recommend.” [Anna, writing in AMAZON, February 3, 2024.]
