KirkpatrickPrice Serves the 15,000th User in the Online Audit Manager

Offering audit services, a readiness experience, and report management, the OAM is the only tool you'll need to meet your compliance goals.

NASHVILLE, TN, UNITED STATES, February 26, 2024 /EINPresswire.com/ -- Cybersecurity auditing firm KirkpatrickPrice has recently served the 15,000th user in its compliance tool, the Online Audit Manager. The Online Audit Manager (OAM), the world's first compliance audit platform, allows organizations to start and complete their audit using mapping and streamlined evidence collection in one tool built by a licensed CPA firm.

The OAM brings technological innovation together with direct interaction with a certified auditor.

Users are also able to instantly initiate a live chat with an expert whenever a question arises. These updates to the platform simplify users' audit processes by providing a tool that allows them to prepare for and complete an audit all with one trustworthy tool.

"We're happy to see all of the continued advancements with the Online Audit Manager," says Joseph Kirkpatrick, Founder and President of KirkpatrickPrice. "When we originally built the platform in 2006, we were simply trying to eliminate spreadsheets in the audit process. Today, over 15,000 users have

experienced mapping and project management that supports over 50+ cybersecurity and compliance frameworks."

Offering audit services, a readiness experience, and report management, the OAM is the only tool you'll need to meet your compliance goals. Users responsible for security, privacy, and compliance are utilizing frameworks like SOC 1, SOC 2, PCI, ISO 27001, HIPAA, NIST, GDPR, and more to meet their compliance requirements and to get ready for an audit. They can also leverage the work in the readiness experience to improve efficiency and accuracy during their audit. The Online Audit Manager manages report delivery and has recently issued KirkpatrickPrice's 20,000th report.

The Online Audit Manager is no longer limited to KirkpatrickPrice clients. Any cybersecurity and compliance professional can access features, including:
