Northern Sri Lanka is one of the best places in the world for watching birds, where you may see a wide spectrum of resident and migratory birds on the island. Aggressor Signature Lodges seven-day, six-night packages include guided jeep tours in Sri Lanka’s Wilpattu, Minneriya and Kalawewa national wildlife parks. Sri Lanka is home up to 34 endemic bird species and over 450 recorded species.

The parks are also home to elephant herds, jaguars, sloth bears and crocodiles. These small group adventures also include visits to the ancient city of Anuradhapura and Sigiriya Rock Fortress.

Egyptian birds like the Nile Valley Sunbird, Greater Painted-snipe, Red Avadavat and migrating raptors are a major attraction in the Nile River ecosystem. During six-day, five-night Aggressor Nile Queen II cruises, private guides accompany guests to parks, lakes and Egypt's archeological treasures. Birding expeditions depart from Luxor and sail to Aswan taking in breathtaking views along Egypt's Nile River Delta. Transportation to parks and historical sites is included.
