

# Longer Nano: Advancements in Laser Engraving Technology

SHENZHEN, GUANGDONG, 中国, February 22, 2024 /EINPresswire.com/ -- Longer Company, a leading innovator in laser engraving technology, is proud to announce the launch of its latest product, Longer Nano. This cutting-edge device is set to revolutionize the world of engraving with its advanced features and affordable price point.

The Nano is a handheld laser engraver that offers precision and versatility like never before. It is equipped with a powerful laser that can engrave on a variety of materials, including wood, metal, plastic, and more. With its compact size and user-friendly interface, the Nano is perfect for both professional and personal use.

One of the most exciting features of the Nano is its affordability. Starting at just \$299, this device offers the same level of precision and quality as other high-end laser engravers on the market, but at a fraction of the cost. This makes it accessible to a wider range of users, from small business owners to hobbyists. Starting at just \$299 for the 6w and \$499 for 12w [on Kickstarter](#).

"We are thrilled to introduce the Nano to the market," says Lao Changshi, CEO of Longer Company. "Our team has worked tirelessly to develop a product that combines top-notch technology with affordability. We believe the Nano will open up new possibilities for engraving and empower more people to bring their ideas to life."
