Now entering retirement after a long and celebrated career as an ocularist, Caruso is confident his local patients—which number more than 2,800 from Utah and surrounding states: Idaho, Montana, Nevada and Montana—will continue to receive top-notch treatment at United Ocular, which was a priority for both parties throughout the acquisition process.

“Recognizing the imperative need for continuous, quality

care for our patients, it is with great relief and confidence that we pass the torch to a partner who not only embodies the commitment to excellence, standards, and values that have defined Eye Prosthetics of Utah but also promises to build upon the superior care and service that our patients and partners expect and appreciate,” Caruso said.

Maintaining Eye Prosthetics of Utah’s legacy of exceptional patient care, while also fostering

innovation and advancement in ocular healthcare, United Ocular has also recruited ophthalmologist Chadi Kouka. Most recently based in Austin, Texas, Kouka has crafted artificial eyes for more than a decade and has fitted more than 1,000 patients with prosthetics in all shapes, sizes and colors.

United Ocular is located at 7400 S. Union Park Ave. Ste 102, Midvale, UT 84047.
