

# Kefron and FISCAL Technologies Partner to Create a Best Practice Blueprint for Accounts Payable

*We're very pleased to announce our strategic partnership with Kefron, whose powerful invoice automation tool provides touch-free processing for AP teams.*

READING, UNITED KINGDOM, February 23, 2024 /EINPresswire.com/ -- The partnership between Kefron and FISCAL Technologies exists to create a best practice blueprint for P2P and accounts payable functions. By combining both FISCAL and Kefron

solutions, organisations can introduce productivity and protection to their P2P and AP processes to support the distribution of working capital to third parties.

Since 2007, FISCAL Technologies has supported customers on their journey to achieving peak performance in Accounts Payable. Each year, they safeguard £340 billion in spend for their clients. They offer continuous, proactive monitoring used to find duplicate payments, defend against fraud, automate manual processes such as statement reconciliation, help optimise working capital and provide trusted reports. Their solutions provide ongoing protection from financial and supplier risk, allowing substantial cost savings and significant financial recoveries.

Kefron shares our commitment to excellence, making them an ideal partner as we work together to elevate the productivity and capabilities of our clients."
