

# Design Educates Awards 2024 is open

MELLE, GERMANY, February 26, 2024 /EINPresswire.com/ -- Design Educates Awards (DEAwards) recognize, showcase, and promote globally the best ideas and implementations of architecture and design. We bring together a community of creatives who emphasize the meaning of the true added value of their projects.

We are looking for creative, innovative projects (completed or concepts from the last 5 years) of any scale that, in addition to excellent aesthetics, incorporate added value —such as educational potential, storytelling elements, the stimulation of critical thinking, the ability to influence users' emotions or behaviour, and an impact on perception or encompass other similar values.
