

# MailDex Adds Email Export to PST File

*Emails of all formats can be combined into a single PST File*

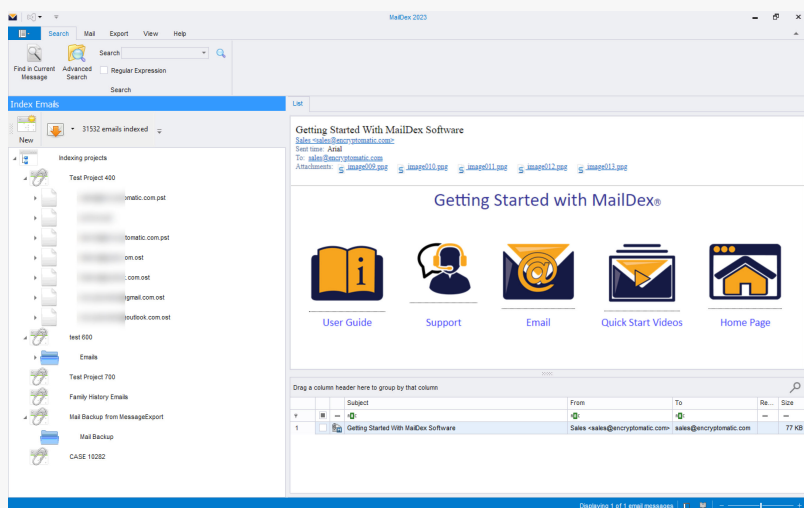

FARGO, ND, UNITED STATES, February 23, 2024 /EINPresswire.com/ -- Encryptomatic® LLC today announced the availability of a major update to [MailDex® 24 Email Viewer/Converter](#). MailDex 2024 is a Windows desktop application for managing email messages across different mail formats, including Outlook PST, OST, OLM, MSG and MBOX, EML files, combining emails into a single database for fast searches and format conversion. This release includes a new capability to combine emails into a PST file. This [email to PST](#) export function is performed by selecting email messages within MailDex, and then using the "Export to PST" function on the Export tab.

"MailDex customers have been requesting this new email-to-PST capability, and today we are pleased to deliver. Adding PST to MailDex's substantial list of export formats, including PDF, image and document files, makes MailDex a full featured tool for anyone needing to manage email content across formats," said Darren S. Leno, President, [Encryptomatic LLC](#).

Email to PST export requires the

MailDex email manager for Windows helps companies and individuals manage their email history.
