

California Mesothelioma Victims Center Recommends LA Based Attorney Andy Waters to Make Certain a Woman Who Has Mesothelioma Because of Secondhand Exposure to Asbestos in Southern California-Get Better Compensation

LOS ANGELES , CALIFORNIA, USA, February 29, 2024 /EINPresswire.com/ -- The California Mesothelioma Victims Center says, "If your loved one has just been diagnosed with mesothelioma anywhere in Southern California-and it is hard to figure out how they might have come into contact with asbestos at work. The answer might be---did their loved one come home after work with asbestos on their clothing, and or did the person use baby powder or other talcum power products? If this sounds like your loved one who now has mesothelioma, and they are having a difficult time figuring out how they were exposed to asbestos please call LA based attorney Andy Waters of Waters & Kraus at 866-714-6466.

"Los Angeles based attorney Andy Waters is one of the nation's top mesothelioma attorneys and he most certainly would be our top pick in California. The type of mesothelioma we are talking about is called 'secondhand exposure' or consumer products exposure. These types of mesothelioma-are actually common. We believe some people are more susceptible to developing mesothelioma than others. As an example, if an industrial or manufacturing worker was exposed to asbestos at work---there is a good chance they brought asbestos home with them via their work clothing.

"If your wife or husband has just been diagnosed with mesothelioma in Southern California and

they are having a difficult time figuring out how they were exposed to asbestos-please call Los Angeles based attorney Andy Waters at 866-714-6466. Andy is an amazing resource."
