Recent Developments:

December 11, 2023 — A new global survey from IBM (NYSE: IBM) revealed that in India, 64% of hybrid cloud users have a formal, organization-wide policy and/or approach for the use of Generative AI (GenAI). However, barriers that once slowed down hybrid cloud adoption are now impeding the implementation of GenAI.

February 15, 2024 – UKG Inc. announced the launch of its newest Global Innovation Hub in Bulgaria, where more than 400 software and product development professionals are accelerating the delivery of UKG solutions necessary to create great workplace experiences for people all around the world.

Regional Outlook of Global SAP Success Factors Service

The SAP Success Factors Service market is primarily dominated by North America, notably the United States. North America has a strong economy, with a big number of multinational firms and organizations investing extensively in HR technology solutions to efficiently manage their staff. Furthermore, the area has a strong culture of innovation and early adoption of cloud-based technology, making it an ideal fit for platforms like SAP Success Factors. The United States, in particular, acts as a hub for technology businesses like as SAP, and accounts for a sizable chunk of SAP Success Factors' client base. Furthermore, North America's dominant position in the SAP Success Factors industry is due to the existence of a highly qualified workforce, a favorable regulatory environment, and an extensive network of technology partners and consultants.
