About Glass Arts Collective:

At Glass Arts Collective, we make magic with our favorite material: GLASS. We cut it, shape it, melt it, glue it, solder it, paint it, slump it, and above all, LOVE IT! And glass is a friendly material--everyone can learn to use it to create beautiful decorative and functional works of art. So join us for the magic making. Our classes and workshops in fused glass, mosaic and stained glass are

the grounding quality of the plate's palette, reminiscent of the soil and stone, while the circular arrangement of squares and rectangles adds a rhythm that speaks to a more structured beauty.
