

EBC Group Pledges to Commit Corporate Social Responsibility through Collaboration with the University of Oxford

KUALA LUMPUR, WILAYAH PERSEKUTUAN KUALA LUMPUR, MALAYSIA, February 26, 2024 /EINPresswire.com/ -- [EBC Financial Group](#) (EBC Group) proudly announces its continued dedication to corporate social responsibility (CSR) through a groundbreaking collaboration with the [University of Oxford](#)'s Department of Economics. This partnership signifies EBC's unwavering commitment to societal progress through education, talent development, and the advancement of a sustainable and knowledge-driven society.

Through this collaboration, EBC Group addresses societal challenges and drives positive social change by advancing knowledge and fostering an inclusive and sustainable society with a 'can-do' attitude. Marked by their willingness to excel in CSR, EBC Group in partnership with the Department of Economics is making it happen through accessible education and informed dialogue. Moreover, the Department of Economics is thrilled about the new collaboration and will use the sponsorship proceeds to support graduate student funding, ensuring teaching positions for the most promising students.

At the forefront of this collaboration is EBC's sponsorship of the University of Oxford's Department of Economics webinar series, "What Economists Really Do." Scheduled to take place on 6 March 2024 at 12pm GMT, the webinar series will delve into the critical topic of "The Economics of Tax Evasion." This initiative underscores EBC's belief in leveraging education and knowledge dissemination to bridge information gaps among diverse stakeholders.

The webinar, hosted by Sarah Clifford, Associate Professor of the Department of Economics, features honourable guest speaker David Barrett, CEO of EBC Financial Group (UK) Ltd, who will offer invaluable insights from his extensive finance industry experience.

Apart from the joint commitment to education and knowledge dissemination, the collaborative efforts aim to create a world where economic prosperity is balanced, and innovation and sustainability are at the forefront for future generations.
