This distinguished cohort of speakers, combined with an already impressive lineup, ensures attendees an enriching and insightful experience.

Beyond the speakers, the Cyber Security & Cloud Congress North America promises a diverse range of presentations covering pivotal topics essential to the evolution of cybersecurity and cloud computing technologies across various industries. Attendees can anticipate gaining

invaluable insights and actionable strategies from presentations covering:

- Zero Trust
- Threat Detection & Response
- Training, Talent & Culture
- Cyber Security Landscape
- Identity & Access Management
- Application Security
- Hybrid Cloud strategies
- Cloud Adoption
- Cloud Transformation
- Data Security
- Disaster Recovery Strategies
- Smart Cloud Security

These presentations aim to furnish attendees with a comprehensive understanding of prevailing trends, challenges, and opportunities in the cybersecurity and cloud computing arena, empowering them to drive innovation and success within their domains.

With an anticipated attendance of over 7,000 and a lineup featuring 200 speakers across various tracks, Cyber Security & Cloud Congress North America presents a unique opportunity for CIOs, CTOs, CEOs, senior managers, and technology enthusiasts to remain at the forefront of industry developments.

Organized by [TechEx Events](#), the conference will also host six co-located events, including the AI & Big Data Expo, Unified Communications Conference, Intelligent Automation Conference, IoT Tech Expo, Digital Transformation Week, and Edge Computing Expo, offering a comprehensive exploration of the technological landscape.

Sophy Searight, Head of the Conference, remarked, "The inclusion of these esteemed speakers and engaging presentations underscores Cyber Security & Cloud Congress North America's commitment to delivering valuable insights to attendees. We are thrilled to welcome these industry leaders to the stage."

Attendees can select from various ticket options, granting access to engaging sessions, the dynamic expo floor, premium tracks featuring industry leaders, a VIP networking party, and a sophisticated networking app facilitating connections ahead of the event.
