This two-hour seminar on Sunday, April 14, 2024, at 11 am Eastern time will focus on two topics:

Freemasonry: A Community or An Institution? It is sometimes stated that “Freemasonry is an institution”. It is an organization that instills “the principles of liberty, equality and fraternity” and assists each of us and all “to achieve for all human beings the maximum moral, intellectual and spiritual development”. Individual happiness and a warm, loving community can be the result. The Mystery Schools. The term "mystery schools" generally refers to ancient, esoteric schools of

spiritual, philosophical, and mystical teachings. They were called "mystery" schools because they taught secret or hidden knowledge that was only revealed to initiates who underwent a series of rites and rituals to gain access to this knowledge. They existed in various ancient cultures, including Ancient Egypt, Greece, Rome, and the Near East. Their teachings often focused on the nature of the universe, the human soul, and the divine, as well as practices aimed at spiritual transformation and enlightenment. The exact teachings and practices of these schools were closely guarded secrets and were often passed down orally or through symbolic rituals.
