

LLENA(AI)[™] Health Solutions Receives White House Endorsement for Innovative Approach to Combating Health Disparities

LLENA(AI) Health Solutions, Inc. Joins Forces with the Biden-Harris Administration in a Historic Effort to End Hunger and Build Healthy Communities

WASHINGTON, DC, USA, February 27, 2024 /EINPresswire.com/ -- In a significant stride towards advancing public health, LLENA(AI)[™] Health Solutions, Inc is proud to announce its approval and acceptance into the White House Biden/Harris Administration's National Strategy on Hunger, Nutrition, and Health select group of companies in this space. This ground-breaking initiative underscores the administration's commitment to enhancing the nation's health outcomes and addressing the critical issues of hunger and nutrition disparities.

LLENA(AI)[™] is at the forefront of a health revolution with its personalized nutrition, exercise, and coaching platform, designed to provide on-demand support and guidance across the social spectrum. From rural and underserved communities to those with ample resources, LLENA(AI)[™]'s mission is to empower individuals to take control of their health and well-being, thereby contributing to the reduction of the nation's healthcare costs. This is especially critical considering Medicaid and Medicare currently shoulder over \$320 billion annually in diabetes-related costs alone.

The collaboration with the Biden/Harris Administration allows LLENA(AI)[™] to extend its innovative services to over 300 million Americans seeking to improve their health and embrace
