

Morehouse Instrument Company Unveils 2024 Catalog

YORK, PA, UNITED STATES, February 29, 2024 /EINPresswire.com/ -- [Morehouse Instrument Company](https://www.mhforce.com), a trusted and accredited provider of force and torque measurement services for over 100 years, has its 2024 Products and Services Catalog available for download.

The catalog showcases the metrology company's calibration machines, including its new Automated Force Calibration System, and many other products and capabilities.

Morehouse has worked with companies across all industries concerned with the quality of their force and torque applications for over a century. Industries benefiting from its capabilities and training courses include aerospace, medical, nuclear, oil and gas, automotive, testing and calibration laboratories, and anyone who wants accurate force or torque calibration service or equipment.

Quality companies come and stay with Morehouse, trusting the company for their force and torque calibration needs.

Download the catalog at www.mhforce.com or request a copy by email at info@mhforce.com

Companies around the globe rely on Morehouse for accuracy and speed. The company turns around equipment in 7-10 business days so customers can return to work quickly, saving them money.

The York, PA-based company provides force and torque measurement products and services

The image shows the cover of the 2024 Morehouse Instrument Company Force & Torque Products and Services Catalog. The cover features the Morehouse logo at the top left, which includes a circular icon with a double-headed arrow and the text 'Morehouse'. Below the logo is a green and black horizontal bar. The main title 'When Accuracy Matters, Companies Rely on Morehouse' is prominently displayed in a bold, dark font. Below the title is a photograph of a large industrial force calibration machine. To the right of the machine, the text 'Force & Torque Calibration Services and Products' is followed by three bullet points: 'Measurement Uncertainties 10-50 Times Lower Than Competitors', '7 to 10 Day Turnaround Times', and 'ISO/IEC 17025 Accreditation By NVLAP and A2LA'. At the bottom right, there are logos for NVLAP and A2LA.
