List of the Top key players Influencing this Market includes:

The research study includes the current trends that are being adopted by significant market players in the Social Media Security markets, including the use of cutting-edge technology, government funding of R&D, and an increasing focus on sustainability.

Sophos, Trend Micro, Symantec, Micro Focus, CA Technologies (Veracode), ZeroFox, RiskIQ, SolarWinds, Digital Shadows, Proofpoint, KnowBe4

Recent Developments:

August 17, 2020: Since June 2020, Trend Micro observed an uptick in the number of significant people's Facebook pages that have been compromised. They discovered bogus Facebook accounts posting notification messages on allegedly compromised pages with a linked link after analyzing the rise. Additionally, the false accounts use the administrator or page owner's login information to modify the page's name and details, sell it, or create another phishing account.

October 27, 2022: Micro Focus announced that its mainframe application modernization tool will seamlessly interact with Dual Run from Google Cloud. Dual Run, a product of Google Cloud Next, automates and speeds up the migration of mainframe applications to Google Cloud while lowering risk. It integrates with Micro Focus production platform technologies.
