[Productive Dentist Academy \(PDA\)](#), the nation's leading dental consulting and marketing firm, is excited to announce its collaboration with Financially Led (formerly Cash Flow Coach USA), a pioneer in personal finance optimization. This collaboration aims to elevate the financial success of dental professionals, which aligns with PDA's mission to empower dentists to build Investment Grade Practices™ while enjoying a fulfilling life.

“

Both Productive Dentist Academy and Financially Led are dedicated to empowering dentists to live their best lives today while building toward generational wealth.”

“Productive Dentist Academy believes in fostering an environment where dentists can thrive both personally and professionally,” says PDA Co-founder Dr. Bruce B. Baird. “Our collaboration with Financially Led represents a shared commitment to supporting dental professionals on their journey toward financial independence and practice optimization.”

Founded by Dr. Howard Polansky, Financially Led offers a unique approach to personal finance, focusing on alleviating the burden of managing expenses and optimizing cash flow. Unlike traditional financial strategies that solely emphasize asset growth, Financially Led's methodology centers on managing liabilities effectively, to enable dental professionals to maintain their lifestyle while building sustainable wealth.

“The key to financial success lies in strategic debt management and disciplined cash flow allocation,” says Dr. Polansky. “By working alongside Productive Dentist Academy, we aim to equip dental professionals with the tools and knowledge necessary to achieve financial freedom, so they can focus on what truly matters in their lives.”

Through a structured three-step process, Financially Led guides clients in lifting the burden from fixed debt payments, expanding cash reserves, and deploying surplus funds into assets. Dentists experience an average annual cash flow increase of more than \$65,000 (or \$5,500/month), and other dental team members benefit from an average impact of more than \$36,000 per year (or \$3,000/month).

“Ninety-five percent of dentists cannot retire and maintain their lifestyle, and that’s not fair,” says Dr. Peterson. “Both

Productive Dentist Academy and Financially Led are dedicated to empowering dentists to live their best lives today while building toward generational wealth.”
