EYWA's winning showcases the project's regional and global impact. It positions EYWA as a leader in the international real estate market.

Alex Zagrebelny, the founder and CEO of R.Evolution, elaborated on the company's commitment to innovation and pushing the boundaries within the real estate industry. “As a company, we never stand still. We're always innovating and pushing the boundaries of what's possible within our industry.”

"As a leader, it's my responsibility to pose challenging questions and inspire others in the industry to do the same. These awards validate our vision for the future of real estate, prioritizing the health and well-being of individuals and the planet. Our ultimate goal is to design homes, workspaces, and recreational areas that promote health, happiness, and spiritual growth. We achieve this by integrating ancient wisdom with cutting-edge technologies and the highest standards of sustainability."

"R.Evolution has not shied away from big goals and big achievements during the past 25 years, and there are no signs of us slowing down. Our expansion plans continue at an even more rapid pace. With so many new projects in the pipeline, the world of luxury sustainable well-being real estate can expect to see so much more innovation, transformation, and future gazing from the EYWA Movement," he added.

EYWA is a game changer in the real estate market, it redefines urban living on Earth. It is the perfect home where well-being is truly the essence of living – ancient wisdom combined with the most advanced technology to promote health and longevity. The project integrates Vastu Shastra principles with cutting-edge technologies to harmonise energies and create a nurturing environment that supports well-being, where spiritual growth, optimum health, and a sustainable lifestyle come together most seamlessly without compromising a luxury lifestyle.

From crystals to advanced air and water systems, every aspect of EYWA aims to elevate living standards. EYWA stands as a testament to environmental consciousness, boasting both LEED Platinum and WELL Platinum certifications for enhanced well-being, energy efficiency, and cost-effectiveness. It sets a new standard with UAE's highest air quality and a pioneering centralised system providing "living" water to each apartment, offering numerous health benefits including anti-aging and anti-allergy properties. All these make EYWA the most health-conscious building in the world and gain the title of World's Best Property, 2023-24 and Best International Apartment/Condominium Development in the world 2023-2024.
