

Green Home Systems Unveils the Ultimate Power Duo - Q.TRON by Q Cells + Enphase

LOS ANGELES, CA, USA, March 4, 2024

/EINPresswire.com/ -- [Green Home](#)

[Systems](#) is excited to announce the recent addition to our solar solutions lineup: [The Premium Package](#), featuring the combination of Enphase inverters and the cutting-edge [Q.TRON modules](#) by Q Cells. This package is tailored for homeowners seeking the pinnacle of energy efficiency, output, and resilience in their solar energy systems.

The Premium Package isn't just a solar solution; it's a statement. It's about taking control of your energy future, reducing your carbon footprint, and embracing a cleaner, brighter tomorrow."

*Barry Durand, GHS
Commercial Manager*

Elevating Solar Energy with The Premium Package

The Premium Package is a testament to our commitment to providing homeowners with advanced, high-quality solar solutions. By integrating the intelligence of Enphase inverters with the superior performance of Q.TRON solar modules by Q Cells, we offer a solar energy system that stands unmatched in its efficiency and reliability.

Q.TRON Modules by Q Cells: A Leap in Solar Module Innovation

The Q.TRON solar modules by Q Cells are a marvel of solar

technology, offering exceptional efficiency and performance:

Unparalleled Efficiency:

With module efficiency of up to 22.5%, Q.TRON panels ensure you get the most out of your rooftop space, significantly reducing your energy bills and environmental footprint.

Made in America:

Proudly assembled in the United States, Q.TRON modules meet the highest standards of quality and reliability, supporting American jobs and manufacturing.

25-Year Performance Warranty:

Q.TRON comes with a comprehensive 25-year product and performance warranty, offering peace of mind and assurance of a long-term solar investment.

The Premium Package represents the ultimate in solar energy solutions for homeowners who demand the best. "The Premium Package isn't just a solar solution" said Barry Durand, GHS

Commercial Manager "it's a statement. It's about taking control of your energy future, reducing your carbon footprint, and embracing a cleaner, brighter tomorrow".

Combining Enphase's smart inverter technology with the high efficiency of Q.TRON modules by Q Cells, this package is designed to deliver the highest energy output and resilience, ensuring your home is powered by clean, reliable, and cost-effective solar energy.
