

# GlobalSim Announces Release of Cloud-based Crane Training Simulator

*GlobalSim's New Cloud-based Simulator Features 10 Models and VR Capabilities*

SANDY, UT, UNITED STATES, March 4, 2024 /EINPresswire.com/ -- GlobalSim is pleased to announce the release of a new entry-level simulator called the [Cloud](#). The product is a unique subscription-based offering making simulator training more accessible and affordable. GlobalSim's Cloud includes 10 different crane models with more to be added in the future.

GlobalSim's Cloud Makes Simulation Training Available Anytime, Anywhere

The Cloud simulator can be accessed online, and customers can run the software on their own computer. Customers can also purchase GlobalSim's Intro Kit, an optimal out-of-the-box option, including preloaded software, a performance computer, Meta VR headset, and controls.

“

The value is incredible—you can train on many different equipment types. It also includes GlobalSim's Scenario Editor where users can create an unlimited number of custom training lessons.”

*Jonathan McCurdy, GlobalSim  
CEO*

“We're excited about this product because it makes simulation training available for organizations anytime, anywhere,” says Jonathan McCurdy, GlobalSim's CEO. “The value is incredible—you can train on many different equipment types. It also includes GlobalSim's Scenario Editor where users can create an unlimited number of custom training lessons.”

The following crane models are included with the Cloud simulator subscription:

Rough Terrain Crane  
Lattice Boom Crawler Crane

Tower Crane  
Carry Deck Crane  
Overhead Bridge Crane  
Side Cabin Bridge Crane

Trolley Cabin Bridge Crane  
Ship-to-Shore Crane  
Rubber-Tyred-Gantry Crane  
Ship Pedestal Crane

GlobalSim's Cloud simulator is an ideal [training tool](#) for both small and large organizations which have equipment operators that are practicing for certification.

The Cloud simulator works with any high-definition display but is ideally used with a VR headset. "There's a lot of unique functionality available when you use GlobalSim's Cloud simulator in VR mode," says McCurdy. "The realism and depth perception are excellent."

The Cloud is available for purchase by inquiring at [globalsim.com](http://globalsim.com) and is currently priced at \$3,500 for an annual subscription. GlobalSim's Intro Kit and other add-ons are also available at an additional cost, including premium joysticks and belly box controllers.

#### About GlobalSim

GlobalSim, Inc. is an employee-owned company that specializes in developing and manufacturing high-end simulators. Widely recognized throughout the world as a leading provider of crane simulators, GlobalSim is focused on developing training systems for the port, construction, industrial, and military markets.
