"This partnership broadens our network and aligns with our mission to offer compassionate, comprehensive addiction treatment services."

Two Distinct Paths: Molina Healthcare's Medicaid vs. Commercial Policies

Molina's Medicaid policies are designed for individuals and families who meet specific income and eligibility requirements. Molina Healthcare contracts with state governments to offer Medicaid plans at little to no cost to the beneficiary. These services may include doctor visits, hospital stays, preventive care, prescription drugs, etc.

Molina's Commercial policies, called Marketplace or Exchange plans, are available to a broader audience. These policies are part of the insurance offerings available through the Health Insurance Marketplace created by the Affordable Care Act (ACA). Unlike Medicaid, eligibility for Commercial policies is not solely based on income. Commercial plans from Molina Healthcare come in various levels (Bronze, Silver, Gold, and Platinum). These plans are designed to provide comprehensive health coverage.

How To Qualify

Qualifying for Molina Healthcare insurance depends on the coverage you seek. For Medicaid plans, income level, family size, and other specific criteria are determined for eligibility. Individuals and families must meet the income requirements set by their state's Medicaid program to qualify. Molina's Commercial (Marketplace) policies require no income-based eligibility criteria. Instead, individuals, families, and businesses can apply for these plans during the annual Open Enrollment or Special Enrollment periods.

Expanding Access to Essential Services

Integrating Molina Healthcare into Virtue Recovery Center's accepted insurance plans is more than just a business decision; it's a commitment to community well-being. Services covered under this partnership include:

Detoxification: A medically supervised process designed to safely manage withdrawal symptoms.

Rehabilitation: Comprehensive therapy and support programs aimed at addressing the root causes of addiction.

Addiction Treatment: A broad spectrum of services tailored to individual needs, from inpatient care to outpatient support and counseling.

Virtue Recovery Center's philosophy aligns with Molina Healthcare's mission to provide accessible, high-quality healthcare services that focus on the whole person. By accepting Molina Healthcare insurance, Virtue Recovery Center ensures that its patients receive the necessary care that addresses both the physical and mental aspects of addiction.
