Kevin M. Colgan proves to be the one right correspondent for explaining our fractured recent past to the one right recipient of these letters... the legendary, dead, and undying Hunter S. Thompson.”

Albert Goldbarth

it as a masterpiece that pairs Colgan's sharp intellect with the legendary [gonzo](#) spirit of Hunter S. Thompson to dissect a year like no other.

Described by fans as the greatest duo to ever grace the pages of a book, the correspondence between Colgan and a beyond-the-grave Thompson provides not just a dark, comedic journey but a profound commentary on the absurdities that marked the pandemic and the tumultuous end of Donald Trump's presidency. Readers are transported into a world where time travel seems possible, allowing them to experience Thompson's real-time takes on the pandemic, politics, and societal upheaval.

The authenticity with which Colgan captures Thompson's voice is nothing short of astonishing, leading one to marvel at the hilarity and accuracy of Thompson's imagined commentary on Trump and the pandemic-induced madness. Through poetic rhythm and lyrical beauty, Colgan's text engages readers immediately, offering a smartly written homage to Thompson while navigating the outrageous politics and societal shifts of 2020. It's a journey to the soul's depths, finding truth and clarity through satirical criticism and verbal gut punches aimed at a former president, delivered with the conviction that Thompson

himself would have approved.

Two-time National Book Critics Circle award winner Albert Goldbarth says, "... with his rambunctious humor and horrified empathy, Kevin M. Colgan proves to be the one right correspondent for explaining our fractured recent past to the one right recipient of these letters... the legendary, dead, and undying Hunter S. Thompson. Quite a concept! Quite a Gonzoid immersion! Dive deep and enjoy."
