

Leading Orthopedic Surgeon Dr. Surendra Patil Pioneers Advanced AVN Treatment in Pune

PUNE, MAHARASHTRA, INDIA, March 5, 2024 /EINPresswire.com/ -- Dr. Surendra Patil, a renowned [orthopedic surgeon in pune](#), has introduced cutting-edge advancements in the [treatment of Avascular Necrosis \(AVN\)](#) at his healthcare facility in Pune. AVN, also known as osteonecrosis or bone infarction, is a debilitating condition caused by the interruption of blood supply to the bone, leading to bone tissue death. Dr. Patil's innovative approach promises new hope for patients grappling with this challenging condition.

AVN is a significant medical concern affecting individuals of all ages worldwide. With a myriad of causes ranging from traumatic injury to prolonged steroid use and even exacerbated by the global COVID-19 pandemic, the prevalence of AVN has surged in recent years. The aftermath of COVID-19 has seen a rise in AVN cases due to the severe impact the virus has on various bodily systems, including the circulatory system, potentially leading to compromised blood flow to bones.

Dr. Surendra Patil's dedication to advancing orthopedic care has led him to adapt the latest approaches in AVN treatment to his practice in Pune. His expertise in orthopedic surgery, combined with a compassionate approach to patient care, has made him a beacon of hope for those suffering from AVN in the region.

"At our facility, we understand the immense physical and emotional toll AVN can take on patients and their families. That's why we're committed to providing the most advanced and effective treatments available," says Dr. Patil.

Dr. Patil's approach to AVN treatment encompasses a multidisciplinary strategy tailored to each

Dr. Surendra Patil

patient's unique needs. By leveraging state-of-the-art imaging technologies and minimally invasive surgical techniques, Dr. Patil aims to alleviate pain, preserve joint function, and improve the overall quality of life for AVN patients.

In addition to Dr. Patil's innovative approaches, the latest treatment plans include cutting-edge techniques such as stem cell implantations, which facilitate new bone formation, offering promising avenues for patients with AVN. Furthermore, Dr. Patil has incorporated advanced surgical methodologies into his practice, ranging from conventional Total Hip Replacement (THR) procedures to state-of-the-art robotic-assisted THR surgeries. These advancements underscore Dr. Patil's commitment to providing comprehensive and progressive care to individuals grappling with AVN, ensuring that patients have access to the most effective treatment options available.

Dr. Patil also emphasizes the importance of early detection and intervention in managing AVN effectively. Through comprehensive diagnostic evaluations and personalized treatment plans, Dr. Patil and his team strive to identify AVN at its earliest stages, when conservative measures may still be effective in halting disease progression.

The impact of Dr. Patil's pioneering work extends beyond the walls of his clinic, offering hope to AVN patients across Pune and beyond. By raising awareness about the condition and promoting early intervention, Dr. Patil hopes to mitigate the long-term consequences of AVN and improve outcomes for patients throughout the region.

As the demand for specialized orthopedic care continues to grow, Dr. Patil remains steadfast in his commitment to innovation and excellence. By staying at the forefront of medical advancements and embracing a patient-centered approach to care, Dr. Surendra Patil is shaping the future of orthopedic surgery in Pune and beyond.

About Polaris Healthcare

After catering to corporate hospitals for over a decade, the duo Dr. Surendra Patil and Dr. Ujwala Patil decided to commence their multidisciplinary hospital in 2011 as a super-specialty orthopedic center along with a center for Natural Birthing and Gynaecology.

After encountering multiple cases and witnessing a crunch between the doctors and patients, they felt a need to start a space of their own where they could guide the patients in the right direction with personalized care and empathetic treatment. Their willingness to go above and beyond for their patients led to the conceptualization of Polaris Healthcare.

Backed by multiple [orthopedic specialists](#) and talented staff, Polaris HealthCare puts patients' welfare at the forefront. Recognized as one of the top-notch orthopedic hospitals in Pune,

Polaris Healthcare treats a series of complex knee and joint disorders with better treatment options and provides top care for their patients before and after surgery.
