At the new Sparks/Reno location, before the water touches your vehicle, it undergoes a reverse osmosis process that eliminates 99% of minerals and impurities. Furthermore, Surf Thru Express Car Wash recycles and reclaims its water, significantly reducing water usage and environmental impact.

Similar to other Surf Thru Express Car Wash locations,

customers can experience a state-of-the-art tunnel equipped with advanced cleaning systems, including their brand new Graphene protection. Additionally, to further enhance the customer

experience, the site offers dozens of free vacuum and air blaster stalls on-site.

"We invite the Sparks/Reno community to join us in celebrating our newest location and experience the Surf Thru difference," added Howry.

To celebrate the grand opening, special promotions will be available throughout the month of March offering exclusive discounted deals on memberships.
