

# Nuacom Announces Integration with Top CRM Platforms and Expands Feature Set for Diverse Industries

DUBLIN, IRELAND, March 5, 2024 /EINPresswire.com/ -- [Nuacom](#) is pleased to announce an extensive expansion to its [cloud-based VoIP service](#) offerings to meet the needs of its diverse clients. The update includes support for over 50 CRM integrations, along with new AI integrated features, from renowned CRM providers such as Hubspot, Salesforce, and the newly released Bullhorn CRM.

In addition to the CRM integrations, Nuacom introduced PAYIVR, a seamless payment solution through an IVR phone menu - a feature that is a testament to the company's commitment to providing secure and efficient business solutions. Furthermore, Nuacom now offers full support for hotel PMS systems and adheres to strict compliance standards required by the healthcare industry, ensuring secure and reliable communication for sensitive environments.

"Our goal has always been to anticipate and exceed the needs of our customers," says Igor Toma, CEO of Nuacom. "With these new integrations and features, we are breaking the traditional boundaries of business communication and bringing an unprecedented level of efficiency and customization to the table."

Established in 2009, Nuacom has become a staple in the business communication sector, especially praised for their VoIP cloud business phone system and versatile call center software. With a clear focus on relationships, growth, support, and sales, Nuacom's services have been adopted by over 15,000 users worldwide.

"We have always been at the forefront of VoIP communication technology," Igor states. "But our proudest achievement remains the close relationships we build with our clients, helping them modernize their communication strategies and watching them thrive."
