Winners of the PRO Remodeler of the Year Awards represent the best remodeling work in the Metro DC area. The Awards, judged by remodeling professionals outside of the area, are based on problem-solving, functionality, aesthetics, craftsmanship, innovation, and degree of difficulty.

Superior Construction Services built a custom, legacy home for the client who sought to create a

peaceful retreat on [Bald Head Island](#). Bald Head Island places a strong emphasis on maintaining the area's natural beauty, with stringent building requirements that must pass through a cumbersome and lengthy Architectural Review Board process. The Superior team had to grapple with several challenges throughout the construction process, including transportation challenges due to a lack of land bridge and physical road links and weather-related obstacles, including high seas and frequent storms. Despite these obstacles, Superior was able to execute this project with a blend of adaptability and strategic planning. The custom home on Bald Head Island is a tranquil sanctuary with an open floor plan, abundant natural light, and a beautiful wraparound deck. The clients were thrilled with the team's attention to detail and the elegant nature of their new home.

Each year PRO Metro DC presents these coveted awards to members who have demonstrated outstanding craftsmanship, design, and professionalism through their remodeling projects. The entries of this year's competition totaled more than 40 million in remodeling investments, spanning mid-range and high-end projects, as diverse as newly built homes to Universal Design baths to kitchen remodeling projects.

PRO Metro DC is the only local professional trade association solely dedicated to the remodeling industry. PRO members are elite remodeling professionals who voluntarily adhere to a strict code of ethics. To be considered for a PRO Remodeler of the Year Award, a company must be a PRO Member in good standing. PRO Metro DC represents over 200 professional remodeling companies.
