

# Bennabis Health Expands its Dispensary Network to Enhance Affordability of Medical Cannabis for Patients

*Bennabis Health Dispensary Network  
Now Available in 7 States*

CRANFORD, NJ, UNITED STATES, March 6, 2024 /EINPresswire.com/ -- Bennabis Health, a pioneer in advancing medical cannabis benefits, announces a significant expansion of its dispensary network in partnership with The Cannabist Company. The Bennabis Health dispensary network continues to grow as this expansion brings Bennabis Health's Premium Membership benefits to nearly 20% of medical cannabis states including Delaware, Maryland, Massachusetts, New Jersey, New Mexico, New York, and Washington, DC.

Expanding access for medical cannabis patients on their path to better health and wellness.

This network extension highlights the commitment of these two organizations to support medical cannabis patients by increasing affordability and providing reliable cannabis resources. The Bennabis Health Premium Membership program is designed to alleviate out-of-pocket costs for medical cannabis patients.

Patients enrolled in the Bennabis Health Premium Membership gain access to a 15% discount on medical cannabis purchases at Network Dispensaries. This reduction in costs not only makes treatment more accessible but also offers significant long-term savings for patients who rely on medical marijuana for consistent care. By extending its network, Bennabis Health aims to enhance accessibility and affordability for individuals and employer groups seeking alternative care options.

Don Parisi, President of Bennabis Health, expressed enthusiasm about the collaboration with The Cannabist Company, stating, "Working with the experts at The Cannabist Company has been fulfilling. They share our passion for improving the lives of patients through alternative care solutions, and together, we are dedicated to making medical cannabis more accessible to millions."
