

The Soriano Group opens a €10 million funding round for its establishment in Spain in 2024

To endorse production and delivery agreements to distributors in Iberia, commit to R+D with the dev of the most sustainable and advanced technologies.

NEW YORK, NY, UNITED STATES, March 6, 2024

/EINPresswire.com/ -- The Soriano Group opens a €10 million funding round for its establishment in Spain in 2024

- The main objective is to promote all the company's verticals in e-mobility, telecommunications, and technological innovation.
- It will endorse production and delivery agreements to distributors in Spain and Portugal.
- The group is committed to R+D with the development and implementation of the most sustainable and advanced technologies.

Soriano Group, a leading company in the development of sustainable electric mobility, has announced its first round of financing with the goal of raising up to 10 million euros. This capital increase will support the company's expansion into the Spanish market in 2024, offering a wide range of electric vehicles including motorcycles, scooters, bicycles, and even fashion and gaming products. The company has partnered with Auditor Aggeris to ensure the success of this venture.

Soriano Group has been at the forefront of the electric mobility industry, providing innovative and eco-friendly solutions for transportation. With the increasing demand for sustainable options, the company has decided to expand its reach and offer its products in the Spanish market. This move aligns with the company's mission to promote a greener and cleaner future.

The partnership with Auditor Aggeris, a renowned financial consulting firm, will provide Soriano

ABOUT

MARCO ANTONIO SORIANO IV

I am a 4th Gen-Partner and the Chairman at the Soriano Family Office, a leading consortium of global enterprises established in 1903 with privately held businesses in the United States, Europe, & LatAm. My key strategic experience involved:

- Domestic and cross-border private equity-backed and strategic mergers and acquisitions involving private and publicly listed companies.
- Private equity and venture capital fund formation & management.
- Shareholder activist matters, including Advisory Board Memberships.
- Public offerings and private placements of equity securities.
- Global Business Development.
- Venture capital investments.

Over the course of my career, I have had the privilege of leading several of the world's most recognized M&A, public offerings, and fund formation transactions while at Goldman Sachs & most recently integrated with The Merrill Lynch B&A Global Wealth Management Platform.

I am a regular contributor to leading news and information outlets such as CNBC, the Wall Street Journal, Bloomberg News, Reuters, Dow Jones Newswire, Law360, Thomson Reuters, and Fox News. My articles on private equity, M&A, board fiduciary duties, and asset management have been published in books, journals, and periodicals. In addition, over the past two decades, I have lectured and presented at more than 100 conferences throughout the United States, Canada, Europe, and South America.

I work with a broad range of clients from corporate executives, entrepreneurs and business owners to multi-generational families and family offices. As my team consults with clients, we seek the input of family members, across generations, as well family attorneys, accountants, and other trusted advisors. This integrative approach helps to clarify and prioritize goals before translating goals into comprehensive investment plans, helping to ensure efficient structures and strategies are in place as we work together to support your long-term success.

In addition, my access to the global investment thematic research of The Merrill Lynch Wealth Management as well as the banking convenience and lending capabilities of Bank of America helps address various aspects of clients' financial lives. Prior to joining The Soriano Group, I served as a VP at Goldman Sachs Private Banking in London, and The World Bank Group as a Senior Financial Analyst. Today, my insights can be found in my published books & contributions to Entrepreneur, Madness, The Cyber Elephant in the Boardroom, Investing Legacy & most recently, Puede Llegar!

The renowned company, Soriano Motori Corp, has recently announced the involvement of their CEO, Marco Antonio Soriano IV, during the founding stage of their resurgence. With a dedication to perpetuating the legacy of family success achieved in the 1930s in Spain, Soriano has been instrumental in leading the company towards a new era of technological innovation.

Soriano, a fourth-generation leader of the company, has been personally involved in every step of the company's resurgence. His vision and passion for upholding the family's legacy have been the driving force behind the company's success. With his leadership, the company has expanded its reach and diversified its offerings, becoming a leading provider of various industrial verticals.

The company, which was founded in the 1930s in Spain, has a rich history of success and innovation. However, with the ever-changing technological landscape, Soriano saw the need to adapt and evolve the company's approach. Under his guidance, the company has embraced

innovative technology to provide a wide range of solutions in various industrial sectors. This has not only helped the company stay relevant in the market but also cemented its position as a leader in the industry.

This round of funding opportunity is supported by Soriano Motori SRL and Soriano Telephone & Telegraph SRL - owner of EliMobile (telecommunications company in Italy) and in the United States it has the support of FINRA, SEC filings and IRS filings, a group to which it belongs.

A groundbreaking business investment opportunity has emerged in the electric vehicle sector, with a focus on developing the vision of a historic Spanish brand. This exclusive opportunity will not only contribute to the growth of the brand, but also promote environmental sustainability and European guarantee.

The contributions made through this investment will be strategically utilized to achieve a series of objectives. These objectives include the development of the brand's own vision within the electric vehicle sector, highlighting its historicism and manufacturing capabilities. The brand's commitment to European guarantee will also be reinforced, ensuring high-quality and reliable products for consumers.

One of the key objectives of this investment is to promote environmental sustainability through absolute respect for the environment. The brand aims to reduce its carbon footprint and contribute to a greener future. By investing in this opportunity, individuals and organizations can play a crucial role in supporting this cause and making a positive impact on the environment.

Danièle von Ballmoos is a Swiss racing driver who competes in the Porsche Sprint Challenge Suisse. Daniele's love for motorsports was ignited during a sporty ride in her Porsche 911 Cabriolet over 10 years ago. She can become the second woman to have won

This unique business investment opportunity not only offers potential financial returns, but also aligns with the growing demand for sustainable and eco-friendly products. It presents a chance for investors to be a part of a brand's journey towards a greener future and contribute to the development of the electric vehicle sector.

The Soriano-Pedroso was a French automobile manufactured in Biarritz from 1919 until 1924. Built by two Spaniards the Marques de San Carlos de Pedroso and the Marques de Ivanrey Ricardo Soriano Sholtz von Hermensdorff, the original models were Ballot (aut

The Spanish brand now Made in Italy is excited to embark on this journey and invites interested parties to join in this exclusive opportunity. With a strong focus on its vision, historicism, and environmental sustainability, the brand is determined to achieve its objectives and make a mark in the electric vehicle sector. Do not miss this chance to be a part of this historic development.

The company's expansion plan includes investment in a joint future with all investors. A future that runs parallel to the expectations of growth and the metrics that support it in the "Lifestyle" model proposed by Marco Antonio Soriano IV.

Likewise, the company, which is committed to collaboration between entities, is currently in talks with more than ten leading companies to prepare its deployment and plans to provide the Spanish and European market with smart and sustainable solutions to raise the mobility market in all its facets to the next level.

The Soriano Group, a leading company in the automotive industry, is pleased to announce its awareness of Spain's plans to subsidize the development of electric vehicles and batteries as part of a large national spending package. This initiative is being financed with recovery money from the European Union, and the Group is committed to playing a key role in the sustainable sector in Spain.

The development of the production chain of electric cars and motorcycles in Spain is a significant step towards achieving the country's goal of reducing carbon emissions and promoting sustainable transportation. The Soriano Group is aware of the potential of this sector and is determined to contribute to its growth and success. With its expertise and experience in the automotive industry, the Group is well-positioned to make a significant impact in the development of electric vehicles and batteries in Spain.

The Soriano Group has a long-standing commitment to sustainability and has been actively involved in various initiatives to promote eco-friendly transportation. The Group's CEO, Marco Antonio Soriano IV, stated, "We are thrilled to be a part of Spain's efforts towards a greener future. Our team is dedicated to developing innovative and sustainable solutions for the automotive industry, and we are excited to play a key role in the development of electric vehicles and batteries in Spain."

The Soriano Group is confident that the development of electric vehicles and batteries in Spain will not only contribute to the country's sustainable goals but also create new job opportunities and boost the economy. The Group is committed to working closely with the government and other stakeholders to ensure the success of this initiative. With its expertise and dedication, the Soriano Group is poised to make a significant impact in the sustainable sector in Spain and beyond.

As Spain moves towards a greener future, the Soriano Group is proud to be at the forefront of this development and looks forward to playing a key role in the production chain of electric vehicles and batteries in the country. The Group remains committed to its mission of promoting sustainable transportation and creating a better world for future generations.
