

MB&A Announces Collaboration with Over 15 New Veterans Affairs Medical Centers

MB&A is thrilled to announce its collaboration with over 15 additional VAMCs in states including California, Maine, Massachusetts, and Arizona.

MCLEAN, VA, USA, August 8, 2024 /EINPresswire.com/ -- In their continuing efforts towards supporting the VA's mission to enhance operational efficiency and safety at Veteran Affairs Medical Centers (VAMCs), MB&A is thrilled to announce its collaboration with over 15 additional VAMCs in states including California, Maine, Massachusetts, and Arizona.

VA Medical Center with ExAM4Enterprise Logo

These VAMCs, renowned for their commitment to caring for our nation's Veterans and their families, have chosen to launch MB&A's ExAM4Enterprise suite on the Salesforce platform to further support their operations and compliance needs.

“

The addition of these VAMCs underscores our dedication to supporting the VA as they continue to look for ways to improve operational efficiency and safety for VAMC staff, Veterans, and their families.”

Alex Morrison, COO of MB&A

Known for its unparalleled configurability and ease of mobility, ExAM4Enterprise leverages the Salesforce platform to streamline inspections, audits, and services across various domains including Environmental Management Services (EMS) and Nutrition and Food Services (NFS). This innovative approach not only enhances operational efficiency but also ensures a safer and improved quality environment for Veterans and their

families.

“Our company's goals around leveraging low-code/no-code technology and agile practices are helping our clients achieve their missions effectively. The alignment between our goals and the mission of the Veteran Affairs Medical Centers is why we can provide value to these centers through our products and services,” said Alex Morrison, COO of MB&A. “As we stand united in

our commitment to provide exceptional care to those who have served our nation, the addition of these VAMCs as users of our platform is another indicator of our commitment to partnering with government agencies to ensure a positive impact across their technology landscape.”

While the use case of these new adoptions vary from medical center to center and additional use cases are on the horizon, MB&A’s comprehensive solutions will continue to play an integral role in fostering enhanced and safer experiences for Veterans and their families.

“The onboarding of these facilities is part of our efforts toward making a difference on a national scale,” stated Alex Morrison, COO of MB&A. “With these additions, we envision MB&A’s products continuing to be a staple in Veteran Affairs Medical Centers across the country supporting a variety of use cases from environmental, nutrition, and more. These partnerships serve as a testament to our commitment to excellence and innovation. Supporting our mission of connecting their customers’ mission to meaningful outcomes through technology.”

Alex Morrison, COO of MB&A

Millsapps, Ballinger, and Associates

This success puts MB&A on track to be supporting every Veterans Integrated Services Networks (VISNs) at the Veterans Health Administration (VHA) by the end of the year.
