Equine healthcare refers to healthcare services that are engaged in offering services and products intended for treating horses to enhance their quality of life, to develop the quality of animal food and to increase their lifespan. Equine healthcare includes veterinary services provided to horses used for racing and betting, competitive riding, and leisure. Routine veterinary care for vaccinations, parasite control, dental care, grooming, hoof care, and protection from natural elements such as rain, wind, and snow are all part of equine healthcare.
