

Enhesa Announces Strategic Partnership with Lisam to Bolster its Comprehensive EHS Compliance Solutions

BRUSSELS, BELGIUM, March 11, 2024 /EINPresswire.com/ -- [Enhesa](#), the leading provider of regulatory and sustainability intelligence worldwide, has announced a strategic alliance with Lisam, a global provider of smart EHS compliance and practical sustainability solutions.

Under the agreement, Enhesa will integrate its global regulatory intelligence into Lisam's robust EHS management platform. This will enable clients to streamline their compliance searches by leveraging an expertly curated EHS content library directly through Lisam's solutions.

“When it comes to a regulatory space that is shifting as quickly as EHS, companies need to ensure that they have a 360-degree view of their compliance requirements across all jurisdictions,” said Peter Schramme, CEO of Enhesa. “We are thrilled with this partnership that will provide users of Lisam’s platform a full complement of operations compliance, product, sustainable chemistry, and corporate sustainability intelligence.”

“Creating a comprehensive EHS platform requires both the latest regulatory information and the ability to quickly act on this intelligence,” said Michel Hemberg, CEO of Lisam. “Our partnership with Enhesa allows us to deliver the most up-to-date compliance requirements to our clients to streamline their workflows and processes to meet their EHS goals.”

“

When it comes to a regulatory space that is shifting as quickly as EHS, companies need to ensure that they have a 360-degree view of their compliance requirements across all jurisdictions.”
