

# New Paradigm Institute On AARO Report: More Obfuscation From Our Government

*The New Paradigm Institute responds to AARO's report on the historical record of US government involvement with UAP.*

WASHINGTON, DC, UNITED STATES,  
March 8, 2024 /EINPresswire.com/ --

The New Paradigm Institute (NPI) issued the following statement:

Today, the All-domain Anomaly Resolution Office (AARO) [issued the Congressionally mandated](#)

“

AARO's report is a whitewash of the government's role in investigating UAP.”

*New Paradigm Institute*

“Report on the Historical Record of U.S. Government Involvement with Unidentified Anomalous Phenomena (UAP), Vol. 1.”

For 80 years, the government has engaged in misinformation, half-truths, lies, and outright disinformation about what it knows about UAP. The report, given to handpicked members of the press before release

to the public, is a continuation of that web of deceit.

The National Defense Authorization Act (NDAA) for Fiscal Year 2023 established the All-domain Anomaly Resolution Office (AARO) to investigate UAP. One of the mandates given to AARO was to compile and write a report “detailing the historical record” of government involvement and the intelligence community relating to UAP dating back to 1945, which would pre-date the infamous Roswell incident (1947).

AARO's report is a whitewash of the government's role in investigating UAP, ignores the actual historical record of the intelligence community's role in disinformation, and lays blame on whistleblowers and even Congress.

The report is the work of former AARO Director Sean Kirkpatrick, who once famously said: “As an intelligence officer, I would expect all of you to expect me to lie to you.”

Daniel Sheehan, Chief Counsel: “The New Paradigm Institute will redouble planned efforts already underway to educate the public about the realities of UAP and mobilize citizens to call on

Congress to hold more hearings with whistleblowers and expand the Citizens for Disclosure grassroots movement already organizing around the country.”

The public can get involved, take action, and demand government transparency.
