Definition:

A latex balloon is a type of inflatable balloon made from natural latex rubber, which is derived from the sap of rubber trees. These balloons are commonly used for various purposes, including

decoration, celebrations, events, and entertainment. Latex balloons are popular due to their flexibility, vibrant colors, and affordability. It's important to be mindful of the environmental impact and safety considerations associated with latex balloons. While they are a popular choice for celebrations, responsible use, proper disposal, and consideration for latex allergies are essential aspects to keep in mind.
