

# Celebrities Sparkled in Spectacular Platinum Jewelry Designs at the 96th Academy Awards

*Top Jewelry Moments Included Dramatic Necklaces and Men's Brooches*

LOS ANGELES, CALIFORNIA, USA, March 11, 2024 /EINPresswire.com/ -- The glamour of Hollywood soared to new heights as movie stars wore exquisite jewelry designs set in platinum to the 96th Academy Awards. From drop earrings to line bracelets and colorful rings, platinum was the metal of choice for celebrities as they celebrated their achievements at the world's most famous awards show.

Platinum jewelry is prominent at the Academy Awards every year since its natural white color enhances the brilliance of diamonds and colored gemstones, while also keeping them most secure"

*Platinum Guild International  
CEO Huw Daniel*

The most prominent platinum jewelry trends at the Academy Awards tonight were dramatic necklaces as seen on Anya Taylor-Joy, Emily Blunt and Gabrielle Union, and brooches worn by men including John Krasinski, Simu Liu and Sterling K. Brown.

"Platinum jewelry is prominent at the Academy Awards every year since its natural white color enhances the

brilliance of diamonds and colored gemstones, while also keeping them most secure, so it's the perfect choice for red carpet moments," said [Platinum Guild International](#) CEO Huw Daniel.

Platinum Guild International is pleased to share that leading jewelry brands such as Tiffany & Co., De Beers, Boucheron, Kwiat, Fred Leighton, Cartier and Martin Katz chose to style A-list celebrities in naturally white platinum.

The following stars wore these specific pieces of platinum jewelry to the Academy Awards:

Anya Taylor-Joy in Tiffany & Co. jewelry set in platinum

- Tiffany High Jewelry necklace with a marquise diamond (over 8 carats), set in platinum and 18k gold

### About Platinum Jewelry

Platinum is the ideal choice for red carpet jewelry because it holds diamonds and precious gemstones more securely than any other metal. It is not only the highest quality metal, but its density makes it one of the most durable and enduring precious metals. Platinum is also naturally white, unlike white gold, which means it will not cast any tint onto a diamond or gemstone, allowing the stone's genuine color to sparkle brightly.
