About Melancholy's Mistress:

When the earth stood still, MM was determined to find her purpose. After several years of searching for [Unfiltered Euphoria](#), she was reminded of her true strengths: singing and songwriting. Yet, one thing remained: her paralyzing stage fright. For months she guided herself through exposure therapy slowly building the courage to become a professional singer/songwriter. Now glowing, she uses her unique background in business, fashion, and film to captivate audiences in her dreamscape. "Soulmates (For a Second)" serves as a compelling introduction to her artistry.
