

City Beat News Honors Dentists for Years of Outstanding Patient Satisfaction

Three dental practices have been nominated for best in patient satisfaction, earning them consecutive Spectrum Awards for Patient Satisfaction in 2024.

LAPEER, MI, UNITED STATES, March 11, 2024 /EINPresswire.com/ -- [City Beat News](#) is pleased to recognize the continued service excellence of three dental practices that have all earned a minimum of 10 straight Spectrum Awards for Outstanding Patient Satisfaction.

With 12 consecutive Spectrum Awards to its credit, Regiani Holistic Dental Center in Clarkston, Michigan, is not your typical dental practice. Dr. Regiani is a pioneer and a leader in biocompatible and holistic dentistry with more than 40 years of experience. As early as the 1980s he discontinued using many of the materials routinely used in traditional dentistry as scientific research proved there are better, stronger and safer

alternatives. The practice uses technology that helps it look at patients' oral environment as more than just teeth. In fact, the office doesn't "smell" like a typical dental office since there are no noxious chemicals. Essential oils are also used to enhance wellness, and the office lighting replicates natural sunlight to provide a warm, comforting environment. Patients and their health are always the number-one priority. For more information visit the center's Award Page at

In its search for customer and patient service excellence, City Beat News is continually taking nominations for companies and service providers that offer top-notch service, granting the [Spectrum Award](#) to those that earn high rankings.

In partnership with the Stirling Center for Excellence, City Beat News uses its independent, proprietary research and evaluation system to identify businesses with a track record of providing a great customer or patient experience. The rating system combines data collected from nominations, online and other customer reviews, surveys, blogs, social networks, business-rating services, and other honors and accolades — all of which express the voice of the consumer. It brings many sources of information together into one rating for the year that shows the whole picture and avoids the pitfalls of unfounded or unjustified negative commentary posted by an unhappy employee or competitor.

Consumers value a legitimate source they can trust to help them find companies that will not only meet their needs, but also exceed their service expectations. The Spectrum Award is a great indicator of future customer and patient service.

“The Stirling Center is pleased to join City Beat News in recognizing these Spectrum Award Winners for their dedication to providing exceptional service,” says Frank Andrews, Executive Director of The Stirling Center for Excellence. “It is in line with our mission of providing services and resources to companies that place an emphasis on providing an outstanding patient experience.”
