The report also provides analysis of the key companies of the industry and their detailed company profiles including Associated British Foods Plc, Alltech, Angelyeast Co., Ltd, Chr. Hansen Holding, Koninklijke Dsm N.V., Lallemand Inc, Leiber GmbH, Lesaffre Group, Oriental Yeast Co., Ltd and Synergy Flavors and others.□□□□□□ □□□□□□□□□□□□:

□□□□□□ □□□□□□□□□□□□:

In January 2019, Kerry Group launched its first non-GMO yeast named “Acryleast” for effective reduction of acrylamide levels up to 90% without affecting the taste and texture of food & beverages. This new product launch helped the company to strengthen its clean label product range.

In January 2020, Lesaffre Group set up a new baking center for its subsidiary, Lesaffre Ivoire, in Abidjan, West Africa, for providing innovative bread-making solutions. This new establishment would help the company to serve its customer base in West Africa, increase its production capacity, and expand its geographic reach.

In October 2019, Lallemand Inc. set up a new specialty yeast manufacturing facility in Passau, Germany. This new establishment helped the company to serve its customer base in Europe, increase its production capacity, and expand its geographic reach.

In November 2018, Alltech expanded its production facility by setting up a new manufacturing plant in Pune (India) for feed products. This expansion helped the company to expand its customer base in Asia Pacific and production capacity.

Demand for Yeast in Diverse Industries

The global yeast market is experiencing a surge in demand, driven by its versatile applications in various industries. As a crucial ingredient in baking and brewing, yeast is witnessing robust growth due to the expanding food and beverage sector. Additionally, the rising adoption of bioethanol as an alternative fuel source contributes to increased demand. The pharmaceutical industry, with its emphasis on biotechnology and fermentation processes, further propels the yeast market. As consumers lean towards healthier and sustainable choices, yeast, known for its nutritional benefits, gains traction. With the market expected to grow steadily, yeast remains a vital component shaping the landscape of diverse industries.

- Yeast Market Report Overview: It includes major players of the market covered in the research study, research scope, market segments by type, market segments by application, years considered for the research study, and objectives of the report.

- Global Growth Trends: This section focuses on industry trends where market drivers and top market trends are shed light upon. It also provides growth rates of key producers operating in the market. Furthermore, it offers production and capacity analysis where marketing pricing trends, capacity, production, and production value of the market are discussed.

- Yeast Market Share by Manufacturers: Here, the report provides details about revenue by manufacturers, production and capacity by manufacturers, price by manufacturers, expansion plans, mergers and acquisitions, and products, market entry dates, distribution, and market

areas of key manufacturers.

- Yeast Market Size by Type: This section concentrates on product type segments where production value market share, price, and production market share by product type are discussed.
- Yeast Market Size by Application: Besides an overview of the market by application, it gives a study on the consumption in the market by application.
- Yeast Market Production by Region: Here, the production value growth rate, production growth rate, import and export, and key players of each regional market are provided.
- Yeast Market Consumption by Region: This section provides information on the consumption in each regional market studied in the report. The consumption is discussed on the basis of country, application, and product type.
- Company Profiles: Almost all leading players of the market are profiled in this section. The analysts have provided information about their recent developments in the market, products, revenue, production, business, and company.
- Yeast Market Forecast by Production: The production and production value forecasts included in this section are for the market as well as for key regional markets.
- Yeast Market Forecast by Consumption: The consumption and consumption value forecasts included in this section are for the market as well as for key regional markets.
- Value Chain and Sales Analysis: It deeply analyzes customers, distributors, sales channels, and the value chain of the market.
- Key Findings: This section gives a quick look at the important findings of the research study.
